Campbell County Democratic Party Launches Website

SOUTHGATE, KY April 17, 2009 – The Campbell County Democratic Party Executive Committee has officially launched the website for the Campbell County Democratic Party. The website’s purpose is to keep citizens informed on both the county and state levels. The website is located at www.thecampbelldems.com and was designed by Michael Dutle of Newport, KY. The contained resources address registering to vote, current political races, how to get involved and news updates.

“We’re proud to be launching this new project, and we believe it will help keep the residents of Campbell County better informed on what the Democratic Party is doing,” said Sue Orth, Chair, Campbell County Democratic Party Executive Committee.
